New church is open Catholic community has a home

The hopes and dreams of the parishioners of St. Anthony's Roman Catholic Church at Haliburton became a reality on July 18 with the official opening of the new church on Victoria Street.

The new church is on the same lot where the old church once stood.

Originally the local Roman Catholic community met in a house in Kinmount.

St. Anthony's parish, led for the past 25 years by Father Maloney, is a committed community which gathers its strength from within. The hope of the original members of St. Anthony's that the Catholic faithful might have a place of worship has been a reality for more than 44 years. It will continue to be true into the future as they worship in the new church.

A concelebrated Mass of Thanksgiving was held on Sunday on the occasion of the solemn blessing of the church. The principle celebrant was His Excellency the most Reverend Joseph R. Windle, D.D., Bishop of Pembroke.

Following Mass guests attended a short programme and buffet served by the Ladies Auxiliary of Branch 129 at the Legion Hall.

Reverend H.J. Maloney, St. Anthony's Parish Priest, introduced the head table guests which included Mr. and Mrs. Frank Salvatori, Mr. and Mrs. Rick Vaughan, Mr. and Mrs. Bill Scott M.P., Bishop Windle, Rev. and Mrs. Phillips, Father Bourne, Mr. and Mrs. Paul

Morissette, Mr. and Mrs. Murray Fearrey and Bill Gliddon.

Maloney acted as chairman. His great sense of humour had the gathering laughing during his opening remarks with his witty comments.

In a serious note he told of the Christian unity and co-operation in this community that were important elements in achieving the initial financial objectives of the parish.

He went on to thank St. George's Anglican Church and the United Church which held fund raising affairs in aid of St. Anthony's building project.

Special thanks also went to the Haliburton Orange Lodge who assisted the project and to the Eagle Lake Womens Association for their financial support.

Maloney pointed out that this kind of cooperation a few years back would have been unthinkable.

Reeve Murray Fearrey was present for the occasion bringing greetings from the Municipality of Dysart. He congratulated the parishioners of St. Anthony's for having the foresight to erect such a fine building.

Fearrey said work expended on this beautiful building exemplified the cooperation that exists between people and organizations in the community of Haliburton.

The Reeve also pointed out it was not only the parishioners of St. Anthony's who took an interest in this project but that the community as a whole were right behind

the construction of this new church.

Bill Scott MP for Victoria-Haliburton offered congratulations to the congregation for the effort they had put into the building of this fine church calling it a "beautiful edifice".

He went on to praise Father Maloney who he told the audience is a hard working and ambitious priest.

The recent visit of the local Masonic Order church parade to St. Anthony's was just another step forward in the great ecumenical cooperation being shown in this community Scott said.

Paul Morissette, chairman of the building committee, noted in his remarks that it was three and a half years ago that he talked with others about the dream of a new church. Morissette said now we see that dream as a reality. He paid special tribute to the building committee which was made up of Mike Biagi, Alf Brewer, Vince Connaughan, Ray Gervais, Dick McCann, Don Patry and Mary Pearsell.

Morissette presented Bishop Windle with a plaque to commemorate the event. Special plaques were also presented to Father Maloney, Builder Chuck Hicks and to the members of the building committee.

Morissette also presented plaques in honour of the occasion to Vittoria Formica, Gina Salvatori and Betty Nunn who have been members of the church ever since the old church was built in 1938. Mrs. Frank Salvatori was honoured for being the

oldest parishioner.

Bishop Windle in his message told the parishioners they had set out to achieve something and had done so. He noted the cooperation St. Anthony's had with the other churches and organizations in the village and stated that he was more than pleased to see this happening in this community.

John Eakins MPP Victoria-Haliburton attended mass but due to other commitments was unable to be present at the buffet at the Legion.

A thank you was extended to the Legion ladies by Vince Connaughan for the buffet meal.

The general design of the new building is based on Our Mother of Perpetual Help church in Waltham, Quebec. The design was refined by John Wilson of Haliburton Lumber.

It incorporates a joint church-hall complex which suits the particular needs of St. Anthony's, especially with regards to the fluctuation of seasonal attendance.

The church was constructed by C.W. Hicks, a local contractor at a cost of \$170,000. Almost \$90,000 of this debt has been paid up to the present time. The building itself is 86' long by 40' wide with a 24' by 10' entrance.

The building includes the church-hall complex as well as a large kitchen and full washroom facilities. There is also a full unfinished basement. Seating capacity for the main body of the church

is 150, the hall seats 125 giving a total seating of 275.

The stained glass lights in the Church were designed and manufactured by Dawn Varney, a stained glass craftsman from Toronto and the pews were manufactured by Wilfred Remus in Palmer Rapids, Ontario. They are constructed of solid oak.

The hall has a seating capacity of approximately 100 people for sit down meals. It can be used for both social occasions as well as an extension to the church body for liturgical celebrations during the peak summer tourist season.

The church includes the original church bell and central window and statues which will provide a link to the past.

Local group plans fall caravan to entertain

A committee, in conjunction with the Haliburton Highlands Chamber of Commerce, hopes to establish an autumn entertainment package that would draw visitors to four communities in the county.

Although plans have not been finalized, the committee of Art Ward, Rhonda Elstone, Curtis Eastmure and Julie Gray, is hoping to have theme nights scheduled in four selected communities. Service clubs in each community are being asked to participate in the promotion.

The theme nights would be held on the two Friday and Saturday nights before Thanksgiving week-end. Each theme pavilion would be held on a different evening to allow members of all the communities to attend all the events.

The committee is busy finalizing plans at the moment and will be making a presentation to the Chamber of Commerce Board of Directors August 4, to see if the Chamber is willing to co-ordinate the event.

Guild moves its meeting

The Haliburton Highlands Guild of Fine Arts has cancelled its annual meeting scheduled for last Monday, which it had moved ahead after Lucinda St. Pierre, Curator of the Ralls' End Gallery, was fired earlier this month.

The meeting has been rescheduled to September 20.

According to Ruth Gorrie, president of the guild, many of the directors and members are on vacation "at the present time".

Bishop Joseph Windle participated in the concelebration mass to officially open the newly constructed St. Anthony's Roman Catholic Church in Haliburton Village, Sunday afternoon. Parishioners and many dignitaries enjoyed the special mass and later a buffet supper at the Royal Canadian Legion Hall.

Wilberforce Good Times in the sun

The weather was fine and the crowd large at the local festival

The scorching heat of the July sun enticed throngs of people to attend the annual Wilberforce Good Times festival this week-end.

The weather held out beautifully for the most of the week-end with rain thundering down at intervals to cool off the townsites.

The downpour stayed away long enough to allow the parade to travel through the town, however. Many well-designed floats and entries delighted the crowds standing at the streets edge. The drivers of the Monmouth fire fighters antique pumper, which won first in the antique vehicle class, relieved the sweltering crowd with refreshing squirts of water as the truck passed.

Agnew's Red and White took the Best Float in the Parade trophy, and Reg Schofield's entry won the most comical float title. The best decorated car in the parade was designed by the Monmouth Library and Beryl Rutter wore the best costume in the parade.

The rain dampened the area in mid-afternoon, but revellers didn't have to leave the grounds as the talent contest was underway in the Monmouth arena. The finals of the adult contest were held Sunday afternoon.

Taking the first place title in the adult category was Tom Coghlan Sr., of Harcourt, Nielson Sisson, of Haliburton was judged second best in the event and Linda and Carol Sheckleton, of Minden placed third. Entrants in the event decreased to 20 this year.

In the junior event only four contestants entered, so the class was completed Saturday afternoon. The Hepburn sisters, of Port Hope won the contest with their contemporary dance routine.

The rain didn't ruin the ladies softball tournament, however; it lasted both the scheduled days. Seven teams competed in the tournament with Kellar Auto from Bancroft winning the 'A' championship and Minden Dixie Lee conquering the 'B' championship.

The tournament began with Bancroft IGA meeting Wilberforce. IGA took the game easily with a 17-7 score. West Guilford was sent into consolation play after losing to L'Amable 5-2.

Minden Dixie Lee lost in a 20-8 match with Kellar Auto. Because the Haliburton team failed to show, Kellar Auto played again, this time against Bancroft Red and White. Kellar's team won 12-2.

Wilberforce Good Times once again provided fun for young and old. Results of competitions and more pictures are on page eight.

Children are participating in the Dysart et al recreation program had a great time in the fun olympics, Monday.

Wayne Gretzky visited Haliburton Hockey Haven. See page six.

Briefly ...

General occurrences up

Personnel at the Minden detachment of the OPP investigated 102 occurrences from July 12 to 18. Nineteen investigations were motor vehicle accidents while the 83 general occurrences included eight compassionate messages and eight thefts.

Youth sentenced

In provincial court in Minden, 18 year old Robert Peacock was sentenced to serve three months in jail in connection with the theft of more than \$400 worth of rifles and chain saws from a Snowdon residence last December.

Woman dies

A 62 year old Uxbridge woman who was pulled from the waters of Twelve Mile Lake on July 7 died in Sunnybrook Hospital in Toronto on July 13.

Kathleen Morrison was rescued by Robert Marjerrison and Jerry Sproat after being spotted floating face down in the lake about 30 feet from shore. She was taken to Minden Red Cross Hospital where she resumed breathing before being transferred to Lindsay Hospital.

Car rolls over

On July 14, Wayne Parkington of London lost control of his 1974 Chevrolet on South Lake Road. The car entered a ditch where it rolled over receiving \$2000 in damage. Parkington was charged with careless driving.

Careless driving

Charles Kyle of Brampton failed to negotiate a curve on St. Peter's Road in Stanhope. His 1978 Dodge rolled over receiving \$2,000 in damage. He was charged with careless driving.

Minor injuries received

Two Clinton men received minor injuries when a 1980 Plymouth was driven down an embankment on Highway 121 near Tory Hill. Eighteen year old Paul Madill was charged with careless driving. His car received \$1,000 damage.

Cars collide

Two cars collided on Highway 35 at the intersection with Highway 118 in Carnarvon. Christine Neave was northbound in her 1974 AMC when she was struck by Mark Plant who was turning his 1981 Buick south onto Highway 35. Plant was charged with failing to yield the right of way. Neave's car received \$3,500 in damage, Plant's car received \$7,000 in damage.

Fails to yield

Two cars collided at the intersection of a Dudley township road and Harburn Road on July 17. A '77 Pontiac driven by Joseph Horton, 21, of Oakville received \$1,000 damage and a '79 Ford driven by Clifford Bradbury, 59 of Drag Lake received \$500 damage. Horton was charged with failure to yield right of way.

Couple injured

Paul and Lisa LeGrand of Agincourt received minor injuries when their car entered a ditch on Kushog Lake Road in Stanhope. The car landed on its roof receiving \$2,000 in damage.

Much more too numerous to mention. TERMS CASH. ABSOLUTELY NO RESERVE. Lunch available. CALVIN MABEE, Sales Manager and Auctioneer, RR#1 Lindsay. Phone Cambray, 705-374-4800.

Lutterworth township council minutes for June

Following the June 1 meeting of Lutterworth council all members of the council assembled on June 5 for the annual spring road tour.

The inspection tour of the township was made by members of the council, the township road superintendent, the Clerk and the township by-law enforcement officer and building inspector.

The following resolutions were passed by the council during the course of the road tour meeting:

Council authorized the indenture of agreement between the corporation and Harold V. Todd, regarding Todd's proposed use of a portion of the 66 foot original road allowance between concessions 10 and 11, across lots 9 and 10 for the purpose of gaining access to his property by means of a privately-constructed and maintained road right-of-way.

Three applications for closure of portions of the unopened 66 foot original shoreline (marine) allowance fronting the applicants' property-holdings located in Part of lot 18, in concession 10, submitted by Frank X and Katie Fischer, Thomas P. and Gertrude Fischer and Thomas P. Fischer, was recommended by council.

A special meeting of the council of Lutterworth was held June 15.

The purpose of this special meeting of council was for the discussion and preparation of the township's budget for general municipal purposes for the year 1982.

Council reviewed and discussed the budgeted and actual amounts received and expended by the Corporation in the year 1981.

Council instructed the Clerk to review and check all 1982 budget figures tentatively. Council noted that the appropriate resolutions and municipal mill rate by-laws would be considered at the regular meeting of council scheduled to be held on June 17.

Corporation of the Township of Lutterworth Regular Meeting - June 17, 1982

The regular meeting of the Lutterworth council was held on June 17. The following matters were discussed:

The land severance application H-259/81, submitted by Patrick A. Anderson, for Frank W. Schaefer, was considered.

The proposals put forward in the correspondence would be supported by council, subject to conditions, to be imposed upon the severance approval, as outlined in the municipal planning consultant's April report.

Council authorized that the closing funds be made payable to Bishop and Rogers, In Trust, in the Lutterworth Township conveyance to Wood of Part 1, Plan 19R-2611.

Council authorized conveying a portion of the 66 foot original unopened road allowance between Lots 15 and 16 in Concession 5 from the Corporation to Glen Wood.

Council authorized that the closing funds to be made payable to Bishop and Rogers, In Trust, in the Lutterworth township conveyance to Pelkola of Part 3, Plan 19R-2611.

Council authorized conveying a portion of the 66 foot original unopened road allowance between Lots 15 and 16, in Concession 5 from the Corporation to Martin Pelkola.

Council authorized the closing funds to be made payable to Bishop and Rogers, In Trust, in the Lutterworth township conveyance to Whittle of Part 2, Plan 19R-2344.

Council authorized conveying a portion of the 66 foot original unopened shoreline allowance along the shore of Gull Lake in front of Lot 19, Concession VII to Florence Whittle.

Council authorized that the closing funds be made payable to Bishop and Rogers, In Trust, in the Lutterworth township conveyance to Wood of Part 1 and 2, Plan 19R-2430.

Council authorized conveying portions of the 66 foot original unopened shoreline road allowance along the shore of Clear Lake in front of Lot 16, Concession V from the Corporation to Glen Raymond Wood and Jean Ann Wood.

In the matter of buildings and by-laws, Stephen Fox reported to the council concerning the following matters: The unauthorized placement of a 'Bankmobile' trailer on a lot located on the peninsula dividing Moore's and East Moore's lakes. Fox advised council that the property-owner had indicated that he would be taking out a municipal building permit for

the construction of a principal residence upon his lot.

An old structure was moved into the township by a property-owner on the Boundary Road. Fox advised council that the property-owner could only use the 'shack' structure for the purpose of a 'construction' shed during the course of construction of the principal residence upon the foundation which is already in place on the lot.

Council instructed Fox to advise the property-owner that he cannot 'live' in the construction shed.

The complaint of a property-owner in Part of Lot 26, Concession 4, relative to his concern over a 'derelict' building located on his neighbour's lot, fronting upon the Gull River was heard.

Fox noted that the neighbour, having only recently purchased the lot with the derelict building on it, has given his undertaking to dismantle the structure within a

reasonable length of time.

Council indicated that it did not feel that it should set a time limit regarding the demolition of the derelict structure, without further investigation concerning its jurisdiction in this matter.

Councillor Prentice expressed concern in the matter of the accumulation of debris on certain private properties within the township.

Fox noted that a property standards by-law would be the only source of control and jurisdiction in this regard.

Council and Fox discussed the recurring problem of dogs running at large in the township.

Council noted that dog owners, whose animals are found running at large, should be sent a written warning from the municipality advising that, if their dogs are picked up, charges would be laid, in addition to the impound fees and costs.

Fines would be required to be paid on account of the

charges laid.

Fox advised council of the receipt by the municipality of grant funding for the 1982-83 fiscal year in the total amount of \$40,000 under the Ontario Home Renewal Programme.

Council instructed Fox to place an advertisement in the local paper to advertise the availability of loans for the 1982-83 fiscal year.

In the matter of the township's landfill sites, Fox provided council with an update report. Council was advised that the hydrologists were on the site of the proposed landfill site facility and that the hydrology study report would be forthcoming.

Fox advised council that the Ontario Ministry of Natural Resources had requested the municipality take out a permit to cover any future operations at an old quarry site located upon crown land.

This would allow the township to remove pit material from the site, should

the need arise.

Council confirmed that the land severance proposal submitted by Donald J. Finn for the Estate of William T. Hounsell, meets municipal zoning by-law requirements, provided that the parcel to be severed shall include all of Parts 1.2 and 3 on Plan 19R-996.

Council approved the revised proposal for severance.

Council and the road superintendent discussed widening of Spar Lake Drive at a location to provide parallel parking for vehicles. It was noted that the work would be done as soon as possible under the regular road budgeted expenditure.

Regarding the Sandy Bay Road, council noted that there would be no road improvements at this time.

Concerning the Lutterworth Boundary Road, the road superintendent observed that this location is a natural water course, and that the municipality cannot

Cowboy boots and hats are at carnival

Minden Rotary club will give this year's celebration a western theme

Cowboy hats and leather boots are the necessary apparel if you plan to have a good time at the Minden Rotary club's western days celebration next Wednesday and Thursday.

The summer carnival kicks off with a parade at 6 p.m. Wednesday. The precision music and marching of the Canadian Knights bugle and drum corps are featured along with many floats from businesses and local camps.

Action at the midway in the arena grounds will continue from Wednesday afternoon until Thursday evening.

Inside the arena a Bavarian garden will be highlighted by free entertainment at 8 p.m. Wednesday evening. A dunking machine, games of chance and food lend to the carnival spirit as well.

Along with the traditional carnival events Thursday afternoon, a carnival dance will entertain throngs of western-costumed visitors in the evening. The band, 'Country Update' will provide the music, scheduled to begin playing at 9 p.m.

So come out to enjoy Minden's western days next Wednesday and Thursday.

Bullfrog season opens today in Ontario

Bullfrog season opens today in Ontario.

The annual amphibian hunt will be as strictly regulated as any other seasonal animal harvest. "This is the first year the season has come into effect in this area," Margot Sisson of the Ministry of Natural Resources (MNR) in Minden said.

Prior to this year there have been regulations governing bullfrog season in more southerly areas of the province. The regulations have governed the hunting of bullfrogs in parks and sanctuaries but recent reductions in bullfrog populations have convinced the MNR to apply the regulations across the province.

"There is a lot of hunting going on in some areas," Sisson said. "The frogs are going somewhere."

Everyone interested in catching frogs must have a licence. There is no charge for the personal uses licence but commercial hunters must purchase a \$25 commercial licence.

Many of the frogs taken are used for research and instructional purposes such as dissection.

"There is research being done," Sisson said, "But a lot of the harvest is for food and personal use."

Under the bullfrog hunting regulations an individual's daily catch of frogs is limited to ten. No individual may have more than ten animals in his or her possession at any time.

In some areas of the province there are limits on the size of frogs which may be caught. "Down south in Lanark county the lower leg must be at least 5 cm (2 inches) long," Sisson said. However there is no minimum size limit in this area.

As yet the local MNR office has received no applications for licences from people in the Haliburton county area.

Bullfrog season closes October 15.

Anson, Hindon, Minden township council minutes for July

At the regular meeting of Anson, Hindon and Minden council on July 14 the following matters were discussed:

Gord Monk was present regarding the noise from the Rockcliffe Hotel. Council advised him that his complaint should be in letter form.

Earl Hewitt attended to request Council's assistance with some minor repairs to the ramp at the helicopter pad as well as necessary culvert improvements.

Paul Spears and Len Britton of the Ministry of Municipal Affairs and Housing gave a presentation on the new Municipal Action '85 Program recently announced by the Honourable Claude Bennett.

The program provides grants and bursaries for staff training and development, management systems and joint services.

The 1981 financial report and financial information return prepared by Gary L.

Thurston, C.A. was accepted.

Council had no objections to closing the westerly side of Main Street if required for the purpose of the Heineken Yard foot race on July 29 in cooperation with the Minden attachment of the OPP.

Mr. and Mrs. George Christian were in attendance to discuss the status of the road between their lot and registered plan 613. It was determined that the access road to their property had not

changed and the Christian's accepted the explanation offered with respect to the confusion over the proposed road closing.

William Obce, engineer with the provisional county of Haliburton was present and discussed the possibility of assuming Main Street into the County Road System. He advised that it was the road committee's practice to exclude streets within the hamlets but the committee would discuss a request from council to review and reconsider the matter.

Council agreed to reduce the Comprehensive deductible insurance to \$25 applicable to all vehicles for a premium of \$300.

The Reeve and Clerk were authorized to endorse a form for the Canadian Imperial Bank of Commerce acknowledging the Bank's right to require 24 hours notice of intended withdrawals.

R.C. Schell was authorized to attend the Municipal Law

Enforcement Officers' Association (Ont.) conference in Barrie, October 17 to 20 subject to the provisions of policy 4.

Council had no objections to Joe and Shirley Warder operating a tack shop and trail ride business on their property in Lot 1, Concession 10 of Minden Township subject to compliance with all municipal by-laws and regulations.

Council had no objections to the proposed commercial fly-in fish camps on Upper and Lower Snake Lakes in Lot 30, Concession 4 and Lot 28, Concession 2 in Anson Township subject to the following conditions:

That no structures shall be allowed without a building permit other than a privy and tents with partial wooden walls, floor and a canvas roof;

That any permanent structures shall not be constructed without a building permit and shall comply with all

by-laws in effect, including the 66 setback requirement from the water's edge;

That there be compliance with Ministry of Natural Resources regulations by the operators.

The following amounts were written off: Water consumption accounts 150(1) for \$21.25 and 312 for \$.40; sewer usage account 96(A) for \$25.00; taxes account 033-268(01) and 268 for \$66.34, and account 010-664 for \$8.74.

Minor tax balances were also written off to a total amount of \$2.92.

The annual Haliburton County Fair sponsored by the Minden Agricultural Society to be held on August 21 and 22 be declared and designated a community festival.

Council granted permission to the Haliburton County Agricultural Society to operate a beer garden on municipal property on August 21 in conjunction with the annual fair.

The parks department was made responsible for the maintenance of the Library and Cultural Centre and Museum grounds during the normal parks season.

Brian Sisson, parks and recreation manager was requested to keep a diary of daily operations and activities.

Council had no objections to B. Doody's application to build a retaining wall fronting his lakeshore property in Lot 13, Concession 13, Township of Minden subject to:

The materials used being approved by the Ministry of Natural Resources and;

That this application must be renewed if the project is not completed within 12 months from the date of the resolution.

The following accounts were approved for payment also. The general account for \$344,146.24, the water account for \$29,469.10 and the sewer account for \$7,440.85.

Council gave permission to E. Smith of Minden Pines to cut wood on the municipal road allowance of the Scotch Line Road East of Highway 35 along the right-of-way cleared by Ontario Hydro, subject to Policy 24.

Council will proceed to close a portion of the Old Twelve Mile Lake Road in front of Hart Lodge and obtain clarification from the Ministry of Municipal Affairs and Housing with respect to the previous attempts to close this roadway.

A by-law to authorize the municipality to enter into an agreement with the Minister of Environment with respect to the Scotch Line Landfill Site was passed.

A by-law to authorize the municipality to enter into an agreement with the executors of the Estate of J.D. Bissett with respect to a plan of subdivision in part lot 13, Concession 11, in the Township of Minden was passed.

Sherborne, McClintock, Livingstone council minutes for July

At the regular meeting of Sherborne, McClintock and Livingstone township's council on June 28 the following matters were discussed:

The Clerk informed council she had received a call from Abe Syed, planner for Ministry of Municipal Affairs and Housing indicating that the Ministry had not objected to the restricted area by-law 839 but only commented on it.

The ministry would not appear at the OMB hearing as it was felt that the chairman of the OMB would deal with minor comments made to by-law 839 in respect to the ministry letter of February 18.

Road superintendent Delbert Page was in attendance at council and informed the councillors a 1973 grader had been rented from Champion for the past two months awaiting MTC consideration to subsidize a purchase. The MTC has inspected the unit and given approval under supplemental subsidy allocation.

Page was directed by council to attain an outright purchase price from Champion while council was in session in order that a resolution could be considered to purchase the unit.

Ratepayers in attendance at the meeting expressed once again to members of

council their feelings about construction operations to be undertaken along Algonquin Outfitters Road by the township's roads department. The general consensus being that they would like the outlined works to be halted or limited to the necessary ditching to prevent water being deposited along certain sections of the road.

The road superintendent re-iterated that the works proposed were required to allow for the proper snow removal in times of heavy snowfall. Trees along the roadway marked to be cut down allowing for complete removal of snow from travelled section of road.

In conclusion, the proposed road construction would be carried out as planned and documented at the meeting of council of June 15.

Mr. Swift, proprietor of Algonquin Outfitters was given the understanding that road superintendent will be in touch to outline what would be done in the area of his business.

Letters were received and read at the meeting including a letter from William and Joyce Lorimer and a letter from Margaret and William C. Kennedy. Both parties being property owners along the Algonquin Outfitters Road.

Council received an "Op-

erating Program" sample for waste disposal sites from the Ministry of the Environment.

The Clerk was directed to respond to this.

The campground draft by-law was still undergoing review by staff, it was reported to council. Council members received copies of sample by-laws from other municipalities dealing with arcades and amusement parks.

In respect to the stopping up and sale of the original shoreline (marine) allowance by this municipality the clerk brought to the attention of council various concerns the staff was confronted with in forming a policy letter to be given out to ratepayers noting what steps must be undertaken to carry out the necessary processing of such closure according to the Municipal Act.

It was felt that a survey plan of the marine allowance to be closed should accompany the application for such closure.

This will be reviewed again once draft information sheets are available.

The following accounts were approved:

Council approved the payment of the first instalment representing 50 per cent of the total county levy, in the amount of \$31,768.79.

The council approved the payment of the second in-

Cont'd. page 18

Parishioners of St. Anthony's Church had reason to celebrate last Sunday as their newly constructed building was officially opened. The celebrants

paraded to the front door of the new church before the concelebration mass was performed.

OPP on patrol

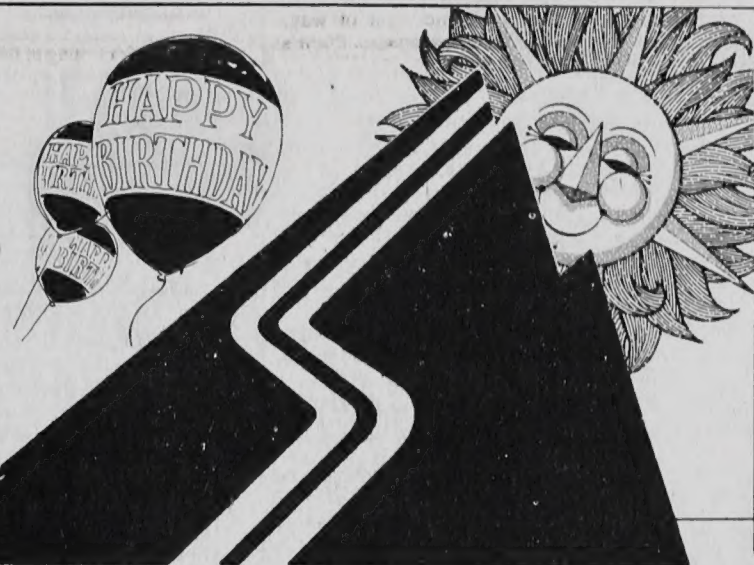

Every available OPP unit will be on patrol for the Civic Holiday week-end, July 31 - Aug. 2, according to OPP Commissioner James Erskine.

The poor weather at the start of the summer discouraged travellers, but the Civic Holiday is expected to be one of the most heavily travelled week-ends of the year.

OPP patrols, many using radar units, will be watching for the speeding motorist. Much of the enforcement effort will be concentrated on stretches of highway with a bad accident record.

Some major highways will also be patrolled by OPP aircraft. An OPP officer in the aircraft spots moving violators and radios information to interceptor officers on the ground. Speeding drivers are timed between yellow triangular markers painted on the highway pavement at half-kilometre intervals.

On public opinion

The vagaries of local politics continue to beset Haliburton.

Dysart council has received delegations of more than a hundred people, letters of protest signed by three hundred local residents and dozens of other protests, both verbal and written on the subject of arcades.

This paper has donated many pages of space to detailing the conflict and has allowed our readers at least as much space to make their opinions known on the controversy.

Last week several local businessmen appeared before council on the arcade issue. Following their representations council decided to extend the hours of operation of arcades by twelve hours per week.

It was not an easy decision for council to reach. The order paper containing the resolution literally lay in front of council for half an hour before any of the councillors was moved to second it.

After council adjourned there was a great deal of speculation among those present whether this would not re-open the whole "can of worms" on arcades. Many felt that this action would restore the issues controversy and that the rest of the summer would be spent sorting out representations from various pro and anti arcade groups.

But the week since council changed the arcade hours has seen very little interest in arcades among those who were so quick to voice their opposition in May.

Perhaps the people who opposed the arcade have seen that their worst fears were not realized and that, though they have no like for such businesses, they can co-exist peacefully with them.

It is more likely however that this galvanizing issue was no more than a passing flurry on the local scene. As the weeks have passed the storm has subsided and left little in its wake besides a few ruffled feathers and a new business on Haliburton's main street.

Blessed by the people

Haliburton's newest place of worship was officially blessed last Sunday but it would seem that it was already blessed by the generous and charitable spirit of our local people before Bishop Windle pronounced his solemn words.

In a world where both religious strife and strife which masquerades as religious are quite common, it is a rare community where people of divergent backgrounds can help one another to express their spiritual longings.

The Churches of Haliburton are fortunate to have the breadth of view and toleration that they have displayed in regard to St. Anthony's church.

St. George's Anglican Church, Haliburton's United Church, the local Orange Lodge and the members of other religious communities and groups who donated funds and other forms of assistance to St. Anthony's parish are to be commended for the spirit they have shown.

The new church is not only a building of which Haliburton can be proud it is a parish which can be proud to be part of a community where ecumenism is more than a word.

Are you interested in your community? Are you concerned about its future? Are you irked by a council decision, frustrated with inflation and taxes, worried about where the world is headed? Why not get it off your chest through a letter to the editor. The letters to the editor column is a public forum and you're invited to use it as often as you like.

The Haliburton County Echo is an independent newspaper serving Haliburton and Victoria Counties for over 80 years. Established in 1902 as The Minden Echo and Haliburton Recorder and amalgamated with The Minden Recorder in 1977. The Haliburton County Echo is published by Algonquin Graphics Limited in Haliburton, Ontario, Box 380, R0M 1S0. Phone 457-1037.

Advertising is accepted on the condition that, in the event of a typographical error, the portion of the advertising space occupied by the erroneous item, together with a reasonable allowance for signature, will not be charged for, but the balance of the advertisement will be paid at the applicable rate.

In the event of a typographical error advertising goods or services at the wrong price, goods or services may not be sold. Advertising is merely an offer to sell and may be withdrawn at any time. The Publisher reserves the right to restrict all ads as to their classifications and to edit or reject any copy.

by SUE COOPER

Is Bell "ripping the public off" ?

Letters to the Editor

To the Editor:

Once again Bell Telephone is ripping the public sector off. As the subscribers have now received their phone bills, I would like their opinion on the proposed rate now being considered, to come into effect on January 17, 1983 which will produce \$709 million in revenue, if this proposal is approved.

I sincerely hope all phone subscribers will read this pamphlet enclosed with their phone bill of July 8, 1982 and take time to write a letter to their M.P. and M.P.P. stating their refusal to go along with this ridiculous proposal.

Mrs. Jas. Outram
Wilberforce, Ont.

To the Editor:

Our family had the misfortune of staying in your town at the Haliburton Lodge.

As a family, who after years of working and who had not been on a vacation for the last three years due to our economy we were looking forward to our stay in the Haliburton Highlands.

Needless to say we did not enjoy our stay at the Haliburton Lodge. We found much misleading advertising for this lodge. As an example in your Haliburton Highlands Directory the ad for the

Haliburton Lodge states it has sauna and hot tub. We found neither.

Our cabin, which we were paying the most for, was a shambles, we did not even have a light switch to turn on our bathroom light.

They sent us letters telling us that they had a sandy beach, which they did not have. They blamed it on the government stating the dams in that area were not open this year. If this was true why did they send us a letter stating that they had a safe sandy beach?

The cabins in the brochure they sent us were nowhere to be found where we stayed, and we looked.

We feel we were taken to say the least. We lost our deposit of \$190 plus a day's lodging which came to another \$155.

We were shocked and emotionally wrecked. We called the Chamber of Commerce in Minden and they directed us to write to the Minister of Tourism and Recreation which I have done.

I certainly did not think I was going to spend my vacation like this. I feel places like this will hurt your town very much. We left your town with mixed emotions. I don't know how anyone could let these people get away with this and hurt your reputation which you have built over the years.

I know our family will think twice before coming back. I would like to say we found another resort area which was clean and had the things they claim to have.

In my opinion its these people running the Haliburton Lodge that are ruining your reputation as a fine vacation resort area.

M. Summerfield and family

Liberals don't balance the books

Report from Parliament

by Bill Scott, MP

The federal government has not balanced its books since the 1969-70 fiscal year, and is not likely to do so in the near future.

The myth that has been used by successive Liberal administrations since 1970 is that deficit spending is good for economic growth.

Let us make an analogy to a family. If a household spends more than its income in any given month then it must either find another source of income to pay the bills or rely upon credit to postpone their payment. In the short term, if next month you can pay back the loan or pay off the credit firm then you have no problem.

A small interest charge is all you have to worry about. However, what happens when each month you must defer more payments. Pretty soon the interest charges will become as large as the original debt itself and drastic measures will be called for. No one can convince me that this household has benefitted by its overspending.

Similarly, the Liberal contention that there's nothing wrong with a short-term deficit may be valid, but when it is allowed to continue to grow for twelve years with no projected relief in sight for at least another five what is short-term about it?

With the June budget, Allan MacEachen projected a budgetary deficit of \$19.6 billion and a financial requirement of \$17.1 billion for this year. No measures were introduced to decrease these figures. What is the cost of this continued deficit financing?

In real dollars, the interest on this national debt will cost every taxpayer in Canada \$1,864.00 this

Feir Play

Creighton Feir

It would have cost Bernie Nicholls and the Highlands of Haliburton Chamber of Commerce a great deal of money to buy the kind of publicity they both received from practically a full page write up on Bernie which appeared in Wednesday, July 14's issue of the Globe and Mail. The Toronto paper's staff reporter Neil Campbell did a fine job of this write-up with the heading "Making It To The NHL The Old Way". If you missed it one of the photos shows Bernie looking out on Pine Lake near his home at West Guilford where he began playing hockey when he was four years old. The other photo on the page shows Bernie Nicholls' father George, Bernie in the centre and his cousin Craig Stamp who encouraged Bernie to leave home at the age of 16 and play Junior B hockey in Woodstock, Ontario. I clipped the page out of the paper and I still have it at my office. If anyone would like to see it or borrow it please feel free to do so.

One of the best small town fairs in Ontario is the annual Kinmount Fair which is usually held on Labour Day week-end in September. If you have never attended this outstanding fair you should make it a point to do so this year. I can guarantee you that you won't be disappointed. To make this annual event a success year after year takes the work of a great many people who give freely of their time to this worthwhile cause. Behind it all is a man who has gone beyond the call of duty to keep the Kinmount Fair among the top best five fairs and exhibitions in Canada. That man is Bill Scott, MP for Victoria-Haliburton. At a recent event at the Kinmount Fair Grounds the Kinmount Fair president, Austin Henderson, rewarded Scott when he presented him with an engraved plaque marking his fifty years of activity with the Kinmount Fair. Monty Robson, who writes a column for Lindsay This Week stated that perhaps one of Scott's greatest assets has been his ability to attract to his cause the right helpers to fit a variety of responsibilities; a case in point being the selection of Leon Wright as Fair Manager. Robson went on to say that space would not allow to name all those, who, like Wright and Scott, who have steadily persevered in building the Kinmount Fair to the size and importance it now enjoys. We here at the Echo wish Bill Scott, Leon Wright and all those who have helped in any way to make the Kinmount Fair one of the best, many more years of success. See you at the fair.

The Rotary Club of Haliburton had the privilege of listening to one of their former exchange students recently, Alex Lopez, from Argentina. He gave an informative and thought provoking talk and told of his experiences since he returned to Argentina in 1979. Upon his return he enrolled in university but withdrew due to the political atmosphere in his country. As a result of this he was drafted into the army and stationed near the Falkland Islands. The conditions he experienced while in the service convinced him that he should leave the country and Canada was his first choice. He applied to Ryerson Polytechnic and was refused. Undaunted he tried again and, with the generous assistance of Art Ward, was granted admission provided he could pass an English proficiency test. Alex had to study under cover as authorities would not allow him to do so freely. It took him six weeks to get a visa and within twelve hours of getting it he was on his way to Toronto. At present he is working at Wig-A-Mog and plans to complete the hotel management programme at Ryerson and remain in Canada.

Forty-seven members of the Henderson family were present on Saturday, July 10 at the home of Mr. and Mrs. Harry Henderson at Haliburton to help Harry celebrate his seventy-fifth birthday. We wish to join with Harry's many friends in wishing him more happy birthdays.

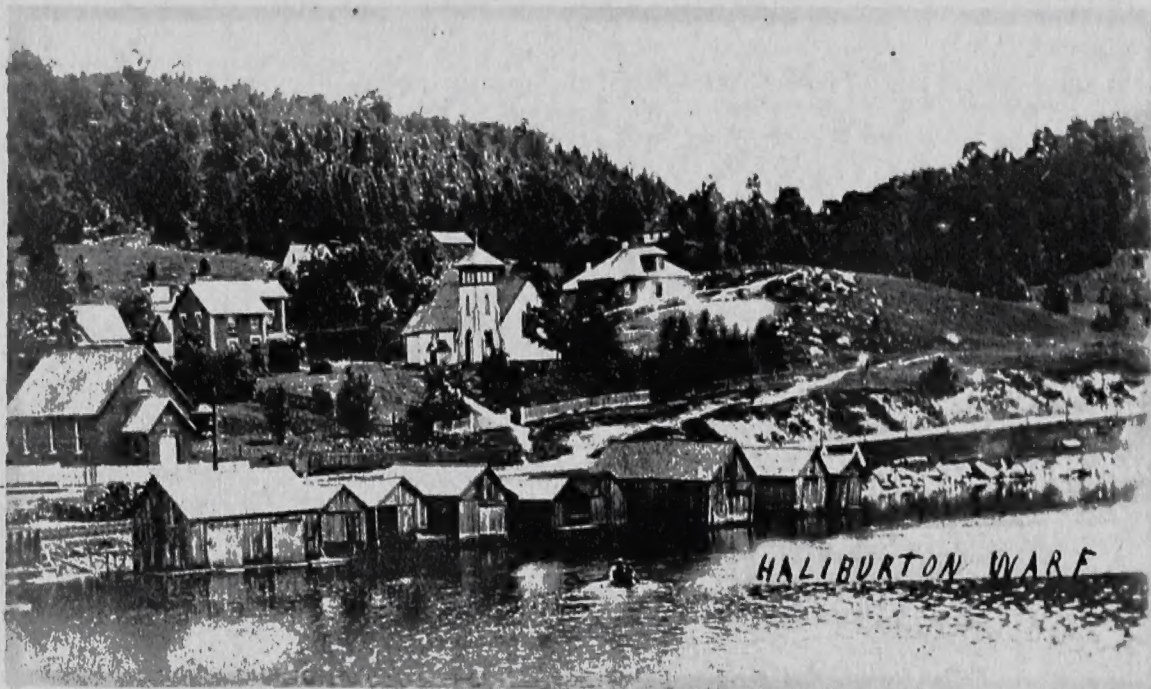

The Minden Rotary Club are making final preparations for their annual summer carnival. The parade theme for 1982 is Western Days. The big event is scheduled for Wednesday and Thursday, July 28, 29. Among other things the two day event will include a monster parade with floats and bands, rides, refreshments, a Bavarian Garden, bingo, a midway, food, games and a dunking machine. The big parade which will kick off the event is on Wednesday at 6 p.m. It will feature The Canadian Knights' marching bugle and drum corps - a winner at competitions for all the marching bands in North America. The midway will be open each afternoon and evening. Come out and enjoy Western Days at this year's Minden Rotary Club summer carnival.

The Minden Detachment of the Ontario Provincial Police are cracking down on those drinking alcoholic beverages at the new Head Lake Park at Haliburton. Last week they swooped in on this area and made several arrests. From now on if you are in need of a drink make sure that you have one either on a licenced premises or in your own home or apartment. From what I can see, drinking in the park was getting out of control and the OPP have said that enough is enough. We have to agree.

The Ontario Open Fiddle and Step Dance Contests will be held at the Bobcaygeon-Vernum Community Centre this coming Friday and Saturday, July 23 and 24. The master of ceremonies will be Art Jamieson and the guest entertainment will be supplied by Graham and Eleanor Townsend, North America's only championship fiddle team. There will be a gala Saturday evening programme with open class finals and guest entertainment.

VIEWPOINT

Pic of the Past

Our thanks this week to Bishop and Rogers, Barristers and Solicitors at Haliburton for giving us permission to run this most interesting photo showing one section of Haliburton as it looked in the early 1900's. St. George's Anglican Church, which by the way was Haliburton's first church can be seen on

the hill with the Rectory to the left. On the extreme left in this photo is the First Baptist Church which opened in the year 1904. Note the many boat houses which were constructed and in use at that time. They have all been torn down and this area has been replaced with a Government Dock and ramps.

Local Chamber receives letter from African friend

From the Chamber

by Bob Stinson

Kanawa Museum - Worth Fighting For

The apparent bias shown in the interim report of the committee considering the fate of the Kanawa Museum has raised some hackles locally, and the Chamber has written the consultants to advise them of our concern.

It is accepted practice for consultants working on a study in any area to speak to the Chamber of Commerce at the outset to ensure that they are contacting the people that are known to have relevant input. At no time has our chamber been contacted by the consultants involved in this issue. Local input would appear to be minimal at this time; by not seeking it the consultants leave themselves wide open to the suggestion that they are biased.

The fact that Trent University hired the consultants and the interim report favours moving this attraction from the Highlands to Trent further suggests that we can't hope to get a fair shake through the present approach.

Look Alike Invoices

Members continue to find advertising solicitations in the mail that are designed to look like invoices. The senders are apparently catching a lot of businesses off guard with this tactic otherwise we would not see the act repeated so often.

One reaction that has been suggested to make this racket less lucrative is to carefully seal the invoice in the return envelope that they provide and mail it back to them without a cheque and

without postage. The company will then have to pay three times the normal postal rate in postage due only to find when it is opened that you have provided no remittance.

West Guilford Becoming Famous

The July 14 edition of the Toronto Globe and Mail carried a story by Neil Campbell on the success of Bernie Nicholls in the N.H.L. and his background in the Highlands. It is topped with a picture of Bernie looking out over Pine Lake near West Guilford.

The article mentions that other hockey notables have emerged from the same area in the persons of Ron Stackhouse and Craig Stamp. It speaks well of how proud we all are of Bernie and we certainly wish him continued success.

In another newspaper that crossed our desk there is a feature article about another West Guilford boy that has made it in the "big time". Grey Sisson and his two partners started their first pizza parlour in Hamilton and have now parlayed that single shop into 30 Mother's Pizza Parlour and Spaghetti Houses each with annual sales of more than 1 million dollars. They also have locations in Buffalo, Washington D.C. and Columbus, Ohio.

Letters -- We Get Letters!

Two years ago we received a letter in an envelope that we have saved and displayed with some pride. The envelope was simply addressed to the "Canada Chamber of Commerce, Ontario Canada."

Someone in the employ of the post office had written in red pencil "Try Hwy. 35, Minden, Ontario", and of course we subsequently received it. We forwarded the letter to the Canadian Chamber of Commerce but kept the envelope as a prize.

Somehow our fame has spread all the way to

from page 4

year. This is the portion of your income that is used to pay for the Government's attitude that "there is nothing wrong with having a large national debt".

As a result of the rising public debt today one dollar in three is needed to service the debt. The deficit is now equal to 25 per cent of total spending. This leaves the Government with no flexibility to undertake significant fiscal measures to spur recovery.

The June 28 budget is proof of the boxed-in situation of the government. If the books had been in balance for every year since 1969-70, excluding this year, the financial requirements would be closer to the \$1.9 billion of that year than the \$17.1 billion now required and the interest charged per capita would be closer to \$70 than the projected \$723.

In 1981, federal government borrowing accounted for 44 per cent of the net new security issues placed in Canada. The government already has \$10.2 billion in borrowing authority this year and is asking, in Bill C-125, for an additional \$11 billion.

It is worthy of note that this \$21.2 billion is quite a bit higher than the \$17.1 billion projected in the budget.

The 44 per cent figure of '81 will obviously be exceeded this year. In this atmosphere interest rates rise and the productive private sector continue to be crowded out of the money markets. This is de-stimulation to invest.

As we saw after June 28, the investment community does not trust this government. This was evidenced by the further decline of the dollar

South Africa now because this week we received the following letter that we would like to share with you here:

Dear Sir:

I am very glad to write you this my humble letter. I hope this my letter is going to be faithfully to you.

But before I say my few words I must ask of your pleasant condition of health.

Please sir, I like you to post me more books, pens and badges about Canada because in all over the world and I want to know more about Canada.

Please sir, try as much as possible to send me more books, pens and badges about Canada my best country lend here with much happiness.

Thank you, Good Bye, Sir.

We can't help him with the pens but we are searching for an old "Haliburton is For Lovers" button to send him along with our book before we forward this letter to the Ministry of Tourism and Recreation.

Summer is slipping quickly away

Serendipity

by SUE COOPER

It is hard to imagine that our summer is slipping so hastily through our fingers. July has withered away almost entirely.

And with the dying days of July and first new weeks of August, the Highlands are entertained weekly by carnivals sponsored by sundry of local groups.

The carnivals are no doubt expensive entertainment for families as children wish to attend more and more of the festivities and adults gladly go along for the chance of relaxation.

A person can be drawn easily into the state of mind where their dollars are being frittered away on the chance of winning cheap stuffed animals or to seemingly all too short amusement rides.

Apart from the comradery enjoyed at the carnivals there is another very positive side to the festivals. The service club members work diligently through the week-ends and week nights to make money for their communities.

And in many cases, the money is pumped back into the area with new facilities or into the dream of creating a more entertaining event the next year. In some strange way they may be what holds their communities together.

Whether spending the money or working towards providing excellent entertainment the people who make the carnivals successful can be proud they are improving the local lifestyle.

So why not take a few hours in the next few weeks to attend the carnivals. It could be the most positive thing you do for the community this summer.

SPORTS

Dysart summer recreation program off to good start

Dysart's summer recreation programmes are proceeding well according to director Pam Iles.

All the planned programmes are now underway and both the permanent and summer communities have responded well to this year's summer recreation line-up.

According to Iles one of the most popular activities are the playground sessions offered in Haliburton village's Head Lake Park and at West Guilford's Community Centre.

"The playground has been a very good programme," Iles said. "We have about 25 kids everyday. In West Guilford we have about 18 to 20 kids turn out."

The two programmes are more or less parallel operations but the programme in Haliburton has an alternate session planned in event of rain.

Iles said that in both Haliburton and West Guilford the children's activities are organized around one special event each day. An upcoming special event will be a treasure hunt.

The soccer programme is also proceeding well. Iles

said 25 to 30 youngsters are taking part in each of the soccer sessions. They have begun to take the participants to local summer camps to allow them to exercise their newly acquired skills in competition.

Iles said she would like to "get a few more of the local camps involved in this."

On August 27 and 28 the youngsters involved in the soccer programme will host a team from Scarborough for a match which will mark the end of the summer season.

"The tennis programme is

good too," Iles reports. The youngsters involved have been taught the basic skills and are now beginning to participate in matches with one-another.

"Ladies fitness is catching on," Iles said. About 10 to 15 women are turning out for the programme at Haliburton Highlands High School. The women are using the weight room in the school and also play basketball and volleyball in their session Iles said.

The senior citizen programme is proceeding well. Monday afternoons at the

senior citizen apartment common room and Thursday mornings at the Head Lake Park shuffle boards are the times set aside for the seniors' activities.

Iles says that 18 to 20 seniors have become involved in a weekly shuffleboard tournament. Seniors from Lochlin and Wilberforce have also become involved in the programme.

"Everybody is having a good time, everything is going well," Iles said about the recreation programme.

Minden Dixie Lee beat West Guilford and Carnarvon

Tuesday night saw Minden Dixie Lee travel to Carnarvon.

The Minden team had to come from behind to earn their victory 19-14. They were led by Sue Lihn and Barbara Barnhart. Carnarvon had a good night from Mitch and Shirley Harrison.

Anne Hewson got the win while Lil Gorveatte took the loss.

On Monday the Juniors hosted Haliburton; Haliburton coming out on top 19-16. They were led by Sheila Elston and Wanda Scott. Nancy Maughan took the

win while Cheryl Dillon took the loss.

Also on Monday Wilberforce hosted Carnarvon. The Wilberforce girls came out on top 15-13.

Chris Storey led the way for Wilberforce scoring four runs. Gail Rowbottom and Jo Olszewski shared the win while Lil Gorveatte took the loss.

Tuesday night saw the Juniors play strong defensive and offensive ball to defeat West Guilford 14-7. They were led by Wanda Blakey and Susan Ballantyne. Andrea Burk and Lori

Dunham shared the win while Joan McKay took the loss.

Thursday night there were two games on with Haliburton hosting Wilberforce. This was a thriller with Haliburton coming out on top 6-5.

Cindy Ablett got a homer for Wilberforce, Nancy Maughan picked up the win while Jo Olszewski took the loss.

In Minden the Minden Dixie Lee hosted West Guilford. West Guilford jumped into 7-3 lead after three innings and went to win 13-7.

Cont'd. page 7

Gretzky comes to town

Boys attending Haliburton Hockey Haven were treated to a visit from the National Hockey league's star player, Wayne Gretzky (centre), Friday. Gretzky

spent the day playing various sports with the boys, signed autographs and had group as well as individual pictures taken.

Legion and Lumber pick up wins

Legionnaires take a 9 run, one inning romp over Kennedy's

This week's men's softball action saw Haliburton Legion and Haliburton Lumber pick up victories.

In the Legion - Kennedy Surplus contest the Legionnaires defeated their opponents 11-6.

The game saw the Legion team rack-up nine runs in the first inning and coast through the remaining halves. The Kennedy nine picked up four runs in the fourth inning and two more in their half of the fifth for their points.

Scott LaRue first went to the plate for the Legion. He was tagged at first but was followed by Legionnaire Gary McKnight who hit for two bases. Bob MacNaull took the next trip to the plate but struck out.

George Nicholls began the Legion's nine run romp with a double which brought McKnight across the plate. Tony Salvatori and Jim Scheffee both took their bases on balls.

Wells Robertson hit a single which was good for

two RBIs. He went on to steal another base.

Dale Robinson also hit two RBIs and Stuart Baker hit for a single base.

LaRue took a second trip to the plate and this time hit a two base, two RBI drive. McKnight walked on his second trip to bat and MacNaull vindicated his earlier performance by smashing a two base hit as well.

The man who started the Legionnaires spree brought it to an end. Nicholls was tagged on his second trip to first base that inning.

Except for runs by Scheffee in the second and LaRue in the third the Legion coasted through the rest of the game.

In the top of the fourth inning Kennedy's Dwight Sisson hit a double and was followed to the plate by Terry Walker whose single brought him around the diamond.

A hit from the bat of Greg Bishop brought the second Kennedy player across the plate and Bernie Upton's triple brought Bishop around

the circuit and put himself in sight of home plate.

Upton was brought home by Roy Burke's single.

In the fifth inning Walker hit a single and a homer from the bat of Jim Keetch earned the Kennedy nine another two runs.

The sixth and seventh were uneventful innings for both teams. The final score, once again, was Legion 11, Kennedy 6.

so reluctant to score and picked up four runs in the bottom of the inning.

Bob Johnston was the first at bat for Haliburton Lumber and his single quickly turned into a run when Bernie Nicholls' three base hit brought him home.

Nicholls was brought home by Rob Dennys' single and Dennys completed the diamond when Kevin Newell hit a triple. Newell was

saw Lee Bull hit a single for the Lumbermen. He was brought home by Jim Winn.

In the top of the fourth inning Art Dawson got on deck on a walk. John Parish followed him to the plate and hit a single. Motorman Salvatori was the next to the plate and hit a homer bringing the Curry squads total points up to four.

The fifth and sixth innings were scoreless for both the

Woodies inch past Motormen to win

In the Haliburton Lumber - Curry Motors game the Woodies inched by the Motormen to win 6-5.

Curry Motors went to the plate first but were unable to complete a run in the opening half.

The Lumbermen were not

brought home by Jim Winn.

In the second Motorman Andy Salvatori walked to first but eventually made a run on the strength of stolen bases and an error by Lumberman catcher Bob Johnston.

The bottom of the third

teams but the seventh saw both teams pick up runs.

Barry Boice picked up the Curry Motors' run and Dennys scored the winning run for the Lumbermen.

Dennys had walked to first but was brought home by a single from Wayne Speicher.

Action was quick at the Wilberforce ladies softball tournament in conjunction with the Wilberforce Good Times festival this weekend. Minden lost its game against Kellar Auto of Bancroft. Kellar went on to take the 'A' championship and Minden won the 'B' championship.

First annual fishing derby less than successful

The first annual Haliburton Lake fish derby was held in scorching weather and with less than expected number of fishermen, this week-end.

Although the organizers, John Courtney and Mike

Minden wins

from page 6

They were led by Cheryl Cooper and Bethany Wood. Joan McKay picked up the win while Nelda Cully got the loss.

Don't forget the annual ball tournament this week-end in Minden. Games start at 6:30 Friday night with West Guilford going up against Coboconk.

The B series will be played in Haliburton on Saturday starting at 12:30.

Balaski hoped to draw 35 fishermen to Haliburton and Oblong Lakes or South Bay, total turnout for the week-end was approximately 20 fishermen.

The contest began at Friday noon and continued until noon on Sunday.

Top prize for the largest lake trout went to Rod Welsh who reeled in a fish weighing 5.39 pounds. Welsh also won Friday's spot prize for his catch.

Competition in the largest bass category was low with Norm Waddingham taking the prize with a .67 pound fish.

The best participating male fisherman was Ernie Peck who fished for six hours and entered two lake trout weighing 4.98 and .89 pounds. He also won the spot prize Saturday.

The best participating fe-

male fisherman was Linda Peck who fished for six hours and entered two lake trout. Her catches weighed 3.1 and 4.23 pounds. She won the spot prize for the trout she caught Sunday.

The oldest fisherman to compete was Brant Sisson, 73, and his grandson, nine year old Joel Sisson was the youngest competitor.

Balaski and Courtney plan

to make the derby an annual event. The pair hope the derby will help make Fort Irwin the community centre for summer events as it was a few years ago.

Lakes' levels are going down

The dry weather has continued except for a few thunder showers on July 11. These seemed to have little effect on the lake levels.

On July 12 the reservoir lakes level averaged 91.0 per cent while on July 15 they dropped to an average of 88.6 per cent since they were under considerable draw to counter the effects of evaporation in the system.

Kawartha Lakes levels have been holding steady throughout the week despite evaporation taking about 4 millimetres per day. Outflow down the Otonabee is near

the long term minimum required for safe navigation and other basic uses downstream.

As an average the reservoirs are declining at about .5 per cent per day which is normal for these dry conditions. The 10 year av-

erage percentage of 82.2 per cent was still 6.4 per cent less than the July 15 reading.

Considerable rainfall would be needed now to reverse these conditions, but losses would certainly be reduced.

Nancy's Flowers win

Nancy's Flowers won their second game of the season with a 15-2 win over Brohm's Variety.

Nancy's Flowers enjoyed a real team effort. Assistance came from a lot of the players in their win.

Lisa Williams, Allan Rydeman, Marcia Burke, Kent Miller, Ronnie Perrin and Lynda Pickett hit two runs each for Nancy's Flowers.

Mat Creelman scored the two runs for Brohm's

Even children need a break from the action of fun olympics.

from page 1
White with the game not being won until the seventh inning. The game was tied at six runs apiece when Lyn Winans made it to first.

She managed to steal second and third and then a nice hit from Helen Burk brought Winans across the plate to win the game, 7-6.

Minden then met Wilberforce in the consolation championship match. Wilberforce went down to defeat 20-10.

Brenda Vader, of Kellar Auto, was named the most valuable player of the tournament.

Township of Galway & Cavendish
FINANCIAL HIGHLIGHTS

at December 31, 1981

CAPITAL FUND OPERATION

FOR THE YEAR ENDED DECEMBER 31, 1981

To the Members Council,
Inhabitants and Ratepayers of
the Corporation of the
Township of Galway & Cavendish

We have examined the balance sheet of the Corporation of the Township of Galway and Cavendish as at December 31, 1981 and the statements of revenue and expenditure, capital operations, and reserve and reserve funds continuity and analysis of year end position for the year then ended. Our examination was made in accordance with generally accepted auditing standards, and accordingly included such tests and other procedures as we considered necessary in the circumstances.

In our opinion, these financial statements present fairly the financial position of the Corporation of the Township of Galway and Cavendish at December 31, 1981 and the results of its operations for the year then ended, in accordance with generally accepted accounting principles for Ontario municipalities applied on a basis consistent with that of the preceding year.

NOTES TO FINANCIAL HIGHLIGHTS

FOR THE YEAR ENDED DECEMBER 31, 1981

1. Accounting Policies

(a) Statement of Revenue and Expenditure

This statement reflects the revenues and expenditures of the revenue fund. There are no local boards or municipal enterprises consolidated in these results.

(b) Statement of Capital Operations

This statement reflects the capital expenditure of the municipality to be recovered from the general municipal revenue of the municipality as described in note 1 (a).

(c) Balance Sheet

This statement reflects the assets and liabilities of the revenue fund, the capital fund, reserve funds as described in note 1 (a).

(d) Fixed Assets

The historical cost and accumulated depreciation of fixed assets is not reported for municipal purposes. Instead, the "Capital outlay to be recovered in future years" which is the aggregate of the principal portion of unmatured long term liabilities, capital funds transferred to other organizations, and the cost of capital projects not yet permanently financed is reported on the Balance Sheet.

(e) Municipal Enterprises

There are no municipal enterprise activities carried on by the municipality.

2. Capital Outlay To Be Recovered In Future Years

Capital outlays, including fixed assets and the transfers of capital funds in the amount of \$33,376 which have been financed from general municipal revenues of the current year, are reported on the Statement of Revenue and Expenditure.

3. Accumulated Net Revenue (Deficit) At The End Of The Year

The balance in the revenue fund at the year end is available to reduce (to be added to) the levies of the following classes of ratepayers.

	1981	1980
General ratepayers	\$ 399	\$ 165
School board ratepayers	(12)	(11)
Region (County) ratepayers	7,156	1,557
	\$ 7,543	\$ 1,711

4. The preceding data has been extracted from the audited 1981 Financial Report of the Township. Copies of the 1981 Financial Report are available at the Township Offices to any resident who wishes to review or analyze the financial operations of the Township in greater detail.
